

// INBOX UNIT

APEX INBOX PRO

// Your inbox, run by an AI trained on you.

Apex Inbox Pro reads every email, drafts the reply in your voice, and books your meetings. Connect it to Gmail or Outlook and it works the way you do. You skim and hit Send.

TWO WAYS TO RUN IT

OPTION A

You have Claude

Download the connector and it runs right inside Claude on your own Mac or PC. Gmail and Outlook editions. Your email never leaves your machine.

\$649 one-time + \$20/mo

OPTION B

You do not have Claude

No problem. Chat with us and we launch a live, managed agent for you. Nothing to install. We run it, you approve the sends.

Custom, scoped on a call

WHAT IT HANDLES

- + Reads and drafts every reply in your voice
- + Books meetings for you
- + Works with Gmail and Outlook
- + You stay in control, you hit Send

INPUT → OUTCOME

YOU PUT IN

"Can you send over the retainer agreement and your availability next week?"

YOU GET BACK

"Hi Dana, the retainer is attached. I am open Tuesday 10 to 12 and Wednesday afternoon, want me to hold a time? Best, [you]" → **Reply + meeting hold ready.**
You hit Send.
